D EDDING, May 21.—An elec trical storm of great violence was raging in this vicinity tonight. The volcano was obscured from view by black clouds. The distance covered by the muddy volcanic stream was estinated to be thirty miles.

WASHINGTON, May 21.-The latest reported outbreak of Lassen Peak, California, marks a distinct point in the progressive change in the character of the eruption, according to Geological Survey experts, and place Lassen in the category of more or less

langerous volcanoes.

Heretofore, they say, the eruption have carried only boulders and light ashes as black smoke without illumi-

Lashes as black smoke without illumination. The latest eruption, however, we reported as involving genuine lava whose cloud-reflected glow resembles Stromboli, the active volcanic lighthouse of the Mediterranean.

J. S. Diller of the survey has just received a telegram from J. R. Millord, superintendent of the Northern California Power Company at Redding, dated May 20, saying:

"Lassen Peak in violent eruption 9:30 to 11:39 o'clock last night. Fire observed coming from crater. Incandescent ejecta rolled down the mountain side. I observed spectacle from Volta (ten miles from Lassen Peak.) Many in Sacramento Valley saw same. At Manzanita Lake (three miles from the crater) today storm clouds prevented complete observation. GENEVA (via Paris, May 21.)—

Information gathered by correspondents on the eastern frontier of Switzerland shows that Austrian and German forces, with heavy artillery, have been concentrated at Trent. Bezen and Meran. Movements of considerable bodies of troops are reported from Munick.

The theory is advanced that Germany and Austria expect to break through the flatlain frontier defenses and carry the fighting into Italian territory. Italian troops are massed in great numbers; however, along the same front.

Dr. George R. Starr White has a residence in this city at No. 327 South Alvarado street. When told of the arrest of her husband in Chicago, Mra. White expressed anger and surprise.

"They have absolutely no right to arrest my husband," she said last night. "He left here last April for a lecture tour through the country. He was not practicing, just giving talks to the graduate students of universities in cities where he visited.

"It must have been his enemies who trumped up those charges. There are some physicians who are jealous of my husband's success and would like to have their lectures as well attended as his are."

KITCHENER AS DICTATOR, PREDICTION IN LONDON.

INY ATLANTIC CABLE AND DIRECT WIRE-EXCLUSIVE DISPATCH.1

ONDON, May 21.—Ferocious attacks on Lord Kitchener by the Northcliffe newspapers have prompted so conservative an editor as J. L. Garvin to predict a possible dictatorship. In today's Pall Mall Gazette, he wfites:

"The astounding newspaper attacks on Lord Kitchener have created an overwhelming sentiment of public indignation and have made the Secretary of State for war, who seemed weaker on Wednesday, more powerful and popular than ever today.

"It seems to have been forgotten that Kitchener is still the Minister for Var, with full powers. Has it been remembered how wide they are belonging to that office?

"If the working of the constitutional machine is made more difficult we shall be very near such a situation as drives a democracy in war to a dictatorship.

"If we come to a dictatorship, Kitchener will undoubtedly be the dictator. The country would demand it and the press would count for nothing."

M'CREDIE IS OFFERED JOB OF NAP MANAGER.

WALTER M'CREDIE, leader of the Portland Beavers, has recevied a tentative offer to manage the Cleveland Americans, and is seriously debating the question.

Following numerous reports linking his name with the management of the Cleveland team, McCredle admitted last night that President somers had wired an offer of the place to him. It may be a day or two before McCredie gives him a definite reply.

Much will depend, he says, on the attitude of his uncle, Judge Mc-Credie, president of the Portland club, and who with Walter owns the

For Walter to go East would mean a heavy sacrifice on his part, as all of his interests are on the Coast. Furthermore, he would be tackling a tough proposition in Cleveland. The Cleveland club not only ranks as the poorest in the circuit, and would have a hard time finishing first in the Coast League, but it is torn by dissensions. The team would have to be largely rebuilt, and it might be a year or more before McCredie, wizard though he be, could make any kind of a showing with it.

G. F. Kimball, whose knowledge of family trees is said to be the most exenturous explorer and the sportsman, the heart of the Sierra Nevadas holds nothing more attractive than the great gorges of the Kings River and Kern River Canyons. To tell the interested how to get there and what to see, the Southern Pacific issued a handsomely illustrated folder yester-day-in an edition of 10,000 copies, entitled "Kings and Kern River Canyons."

This THIEF BROKE OUT.

That the man got out, is a loss, it that the man got out, is a loss, it the proposed in the city for same feet of the Canyon of insurance men held at San Francisco.

A party of southerners registered at the boat to be present at the launching of the battleship Arizona on the Atlantic coast in June.

This THIEF BROKE OUT.

That the man got in, is a mystery.

That the man got out, is a loss. It happened in the clothing store of M. Medway, No. 264 South Main street, Thursday night. At closing time, Mr. Medway locked the door. In the morning, the class in the door was kicked out from within, and someone had escaped with a desirable assortment of garments of many varieties. No one has explained how the thief entered the store unless the proprietor locked him in when he fixed things tight for the night. Later Miguel Vara was found parading in some of the stolen clothing. Mr. Wara has 17,959 explanations as to how he became possessed of the clothes. He will be asked to reduce his fund to one good explanation in Police Court today.

Want Pink Cheeks-Red Lips?

Bome unfortunate men and women are prone to wonder why some of their friends are blessed with an abundance of color-pink checks and red lips-while theirs are always coloriess. The reason for this last named condition is—there is not enough red blood corpuscles in the blood-under microscope the blood is thin and watery. The flesh is flabby, too. Well-known physicians assert that the regular administration for several months, of three-grain hypo-nuclane tablets will greatly improve the color, and to the weight, make the checks pink and the lips red and in general be very beneficial. For self administration obtain from any of the best apothecary shops.

Mr. Wallace declares a mistake was made when the land was surveyed teny years ago, and this six-acre strip was overlooked. It has been open on the Land Office books for that length of time, and is there designated as lots 13 and 14. Sec. 3. Twp. 1. South Range 12 West. This publication is authorized by the Surveyer-General of the United States.

Frank Griffith, general manager of the Huntington estates would not deny vesterday that the land may have been overlooked when the survey was made, but said that Mr. Wallace "has lots of gall for squatting there." He said the matter has been turned over to Attorney James A. Gibson, who is expected to make a statement today.

H. Varnum, Mr. Huntinston's private secretary, did not know anything about the squatter yesterday, and said he does not think Mr. Huntington knows about it as he usually is not bothered with such "trifles."

The land is situated approximately 100 yards from Huntington drive, on Walnut avenue, in the heart of the city of San Marino. Two acres is on George S. Patton's estate. Mr. Pat-

Fairbanks Pianos and Player-Pianos

One of the most popular pianos now manufactured and offered at a moderate price is the Fairbanks. It is built for long and lasting service.

Add to the sturdy construction of the Fairbanks the sweet, rich mellow tone that is characteristic of this instrument and you have a home piano that cannot be excelled.

> Discriminating Musicians Select the Fairbanks for Their Homes

The best endorsement in favor of a Fairbanks is the fact that more than six hundred of these instruments have been placed in the homes of discriminating purchasers here in Los Angeles and vicinity.

and paper.

"The articles included in the schedule represent probably about 20 percent of all articles included in commodity tariffs, and the reductions, as compared with present rates, average about 20 per cent.

"Because of circumstances, the reductions do not mean anything in money. It is even problematical whether or not the reductions will divert any tonnage away from the oceancarriers, certainly not when the present shortage of vessels, due to war conditions, is remedied.

"At present, the sea carriers regulate their rates on the old railroad scheme of charge all the traffic will bear. Their quotations are only controlled by the extent of their nerve. Therefore, the new Schedule C rates may give the rail lines between 150, 900 and 200,000 tons of freight per annum for carriage to Los Angeles territory. But under normal conditions, when vessels are plentiful, the sea carriers should be handling at least 400,000 tons of freight per annum west bound, where they are now handling only about 200,000 tons to this territory."

AND DIVORCE DECREE.

A letter produced by Mrs. Ethel P.

Toung, in the divorce suit of Dr.

Frank P. Young, proved potential yesterday. While Judge Monroe granted
Dr. Young a decree, he stated:

"I don't know whether I am doing
right or not, but I will grant it. In
doing this it is as much on her account as his after seeing that letter."

Attorney Schmidt immediately sought the District Attorney, armed with the nonsuit victory, and asked that the bigamy charge against his client be dismissed. Under Judge Hewitt's ruling, he helds that Mrs. Young-Lamb cannot be prosecuted on the charge.

Meantime, the fair prisoner, who married Louis Lamb, a county road employee, after she discovered that Mr. Young, an elderly man, had a wife living and grownup children, claims she is Mr. Lamb's legal wife and wants to return to him.

The letter was not made an exhibit of the court. Judge Monroe read it to himself and returned it to Mrs. Young, who declined to say what it contained.

Dr. Young charged desertion. The testimony of the proprietress of the Kendis apartments was that she saw Mrs. Young pack her trunk and was told she would not live with the doctor. Mrs. Young told the court tashe did not want to make a defence to the sult.

"You want to be free?" asked Judge Monroe.

"Yes, under the circumstances," was her reply.

SHE WINS.

IN THE FIRST ROUND.

Mrs. Luella Young-Lamb, who, while lingering in the County Jail under a bigamy charge lodged by Peter Young, directed a suit to anul her marriage to Mr. Young, won the first round in a legal battle which may place him in the guise of a bigamist. She alleged that there was a technical flaw in the divorce decree of the first Mrs. Young in Aurora, Ill., which invalidated her ewn marriage to him in Chicago by a justice of the peace. She also attacked the jurisdiction of the justice of the peace.

The expulsive will became before.
